Answer ALL questions.

The exam has two sections: Section A and Section B.

Section A consists of a collection of multiple-choice questions, which carry equal weight, and which together account for 25% of the overall credit for the exam. These questions should be answered on the Computer Answer Sheet provided.

Section B contains three questions that each account for 25% of the overall credit for the exam. In these questions, figures in square brackets indicate the percentage of available marks (out of 100) allocated to each part of a question. These questions should be answered in the Answer Book provided.
